## NOTES

1. This certificate is valid only for the race held on the date or dates specified.
2. The race director must consult the measurement report and lay out the course exactly as described by the measurer.
3. If there are changes to the start/finish, the route, the section of road/pavement available to runners, or the marshalling on corners then a measurer must be contacted in good time so that he can make any remeasurement/adjustments which are necessary. In the event of changes a new certificate will then be issued after receipt of the course measurer's report.
4. If the course is EXACTLY the same then this certificate may be renewed for subsequent races up to 10 years after the original measurement.
